

UK IBD audit – round 4

Organisational audit – Accessing the resources in the shared document store

The shared document store (SDS) has been designed to support the audit tool by providing users with useful resources beneficial to implementing change within your IBD service. The aim is to connect the documents in the SDS directly to the questions/ statements in the dataset.

The document store provides easy access to a variety of potential solutions directly linked to the challenge faced.

Anyone can contribute to the document store by uploading any useful information or document which may provide beneficial information across services and professional group.

No login or password is required to access this area of the website. Please note that this opens up in a new window which enables you carry on with data entry while you browse the relevant resource.

Accessing the shared document store

There are 2 ways to access the resources in this store.

1. From the 'Resources' menu tab on the homepage
2. From the  tab next to some of the questions/ statements

1. From the homepage

(a)

1. Click on
'Resources'

The screenshot shows the homepage of the Inflammatory Bowel Disease Quality Improvement Programme. The Royal College of Physicians logo is in the top left. The page title is 'Inflammatory Bowel Disease Programme'. A navigation menu at the top includes 'Home', 'Supporting Documentation', 'Resources', and 'Login'. The 'Resources' tab is highlighted with a green arrow. Below the menu, the main content area is titled 'Welcome to the 4th round of the organisational audit' and includes a list of links for quick start guides, help notes, and frequently asked questions.

(b)

2. You can carry out a search using any of these 3 drop down menus

The screenshot shows the website header with the Royal College of Physicians logo and the title 'Inflammatory Bowel Disease Programme'. Below the header is a navigation bar with 'SDS HOME' and 'SUBMIT' buttons. The main content area features a search bar with three dropdown menus: 'Select Topic--', 'All Domains', and 'All Measures'. A green oval highlights these three dropdown menus, with a green arrow pointing from the text box above to the oval. To the right of the search bar is a 'Search' button and a link that says 'Click here to search the SDS...'. Below the search bar, the page is divided into several sections: 'Introduction', 'GENERAL RESOURCE INFORMATION', 'Top 5 KMS downloads', 'Latest Uploads', and 'Case Studies'. The 'GENERAL RESOURCE INFORMATION' section contains text about the resource section, a link to download a guide, and important information about accessibility and document upload. The 'Top 5 KMS downloads' section lists five documents related to IBD management. The 'Latest Uploads' section lists four recent reports and an information leaflet. The 'Case Studies' section is currently empty. The footer of the page includes the text 'Copyright 2014'.

(c)

4. Click 'search' to view the results

This screenshot shows the same website as in (b), but with the 'Select Topic--' dropdown menu open. The dropdown menu lists various topics such as 'Patient experience', 'Health maintenance', 'Patient self management', 'Clinical guideline', 'Patient panels', 'Drug treatment', 'Nutrition', 'Transition care', 'Clinical management', 'IBD nurse', 'Patient information leaflet', 'Shared care', 'NICE guidelines', 'Business case', 'Care pathway', 'Ciclosporin', 'Clinical Outcomes', 'Azathioprine', '6 Mercaptopurine', 'Colitis', 'Anal Fistula', 'Surgical Guidance', 'Colonoscopic surveillance', 'CT Colonography', 'Steroid', 'Biologics', 'Mesalazine', 'Revalidation', and 'Psychological'. A green arrow points from the text box below to the dropdown menu. Another green arrow points from the text box to the right to the 'Search' button. The rest of the page layout is identical to the previous screenshot.

3. Select a topic from the drop down list and click on 'Search'
