Healthcare Quality
Improvement Partnership

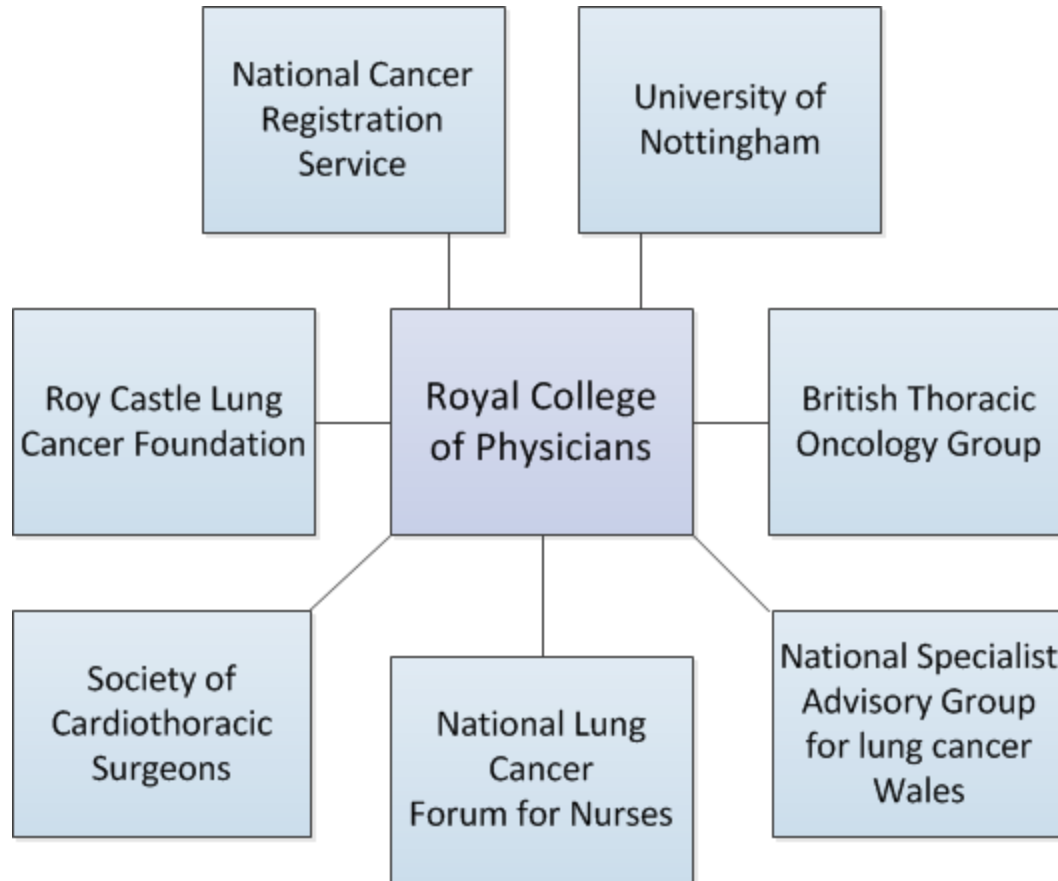

Setting higher standards

New NLCA contract

- Align to NICE quality standards
- Reduce burden of data collection
- Improve reporting schedules
- Case-mix adjustment to identify outliers
- Support quality improvement
- Surgeon consultant outcome publication

New NLCA partnerships

Key changes

- Monthly data submissions via COSD
- Local support from NCRS data leads
- Quarterly electronic push reports
- Full annual report to include outliers
- Spot-light audits with QI support
- New audit standards

House keeping

- Mobile phones
- Breaks
- Fire alarm
- Feedback
- CPD certificates
- Hand-outs

Workshop objectives

1. Describe changes to the NLCA
2. Define and discuss data submission process
3. Promote NLCA to drive local improvement
4. Describe NLCA benchmarking
