It is the duty of every Fellow to assist in the nomination of fit and proper persons to the Fellowship.

The duty thus devolving upon every Fellow has respect both to the College and to its Members: to the College, since it is only by the election of fit and proper persons into the Fellowship that the College can be advantageously extended and perpetuated; to the Members, since every Member ought to have full ground for believing that no claim to the Fellowship will be overlooked or neglected.

You are therefore advised that any Fellow of the College other than members of Councillors may propose for the consideration of the Council for nomination to the Fellowship any Member of the College of at least four years’ standing who has sufficiently distinguished himself in the Practice of Medicine, or in the pursuit of Medical or General Science or Literature.”

BYE-LAW 119

(a) The Royal Colleges of Physicians of the United Kingdom comprise the Royal College of Physicians of London, the Royal College of Physicians of Edinburgh, and the Royal College of Physicians and Surgeons of Glasgow.

(b) A Member of the Royal Colleges of Physicians of the United Kingdom is a person who has been admitted to and passed an Examination which satisfies the requirements of each of the said Royal Colleges and who has been elected by each of them to the Membership of the Royal Colleges of Physicians of the United Kingdom.

BYE-LAW 120

The College shall accept Examinations set by the said Royal Colleges of Edinburgh and Glasgow as satisfying the requirements of the College. The nature and extent of any Examination which the College itself sets for Membership of the Royal Colleges of Physicians of the United Kingdom shall in the case of each Candidate be determined by the Council or such Board or Committee of Council to which Council may delegate this function. The College may act jointly with the said Royal Colleges of Edinburgh and Glasgow in setting a joint Examination or part of an Examination for Membership of the Royal Colleges of Physicians of the United Kingdom in which event its powers shall be exercised by the Council or such Board or Committee of Council to which Council may delegate this function.

BYE-LAW 121

Any candidate for Membership of the Royal Colleges of Physicians of the United Kingdom who is a Licentiate of a College of Physicians of Great Britain or Ireland, or who holds a medical degree shall, if thought fit by Council or such Board or Committee of Council to which Council may delegate this function, be admitted by the College to any Examination for the Diploma of Membership of the Royal Colleges of Physicians of the United Kingdom set by the College or set jointly by the College and the said Royal Colleges of Edinburgh and Glasgow. In addition, the College reserves the right to admit to any such Examination any other Candidate recommended for admission by Council or such Board or Committee of Council to which Council may delegate this function.

BYE-LAW 122

If at Council or such Board or Committee of Council to which Council may delegate responsibility for Examinations doubt is expressed concerning the sufficiency of the Certificates produced by any Candidate, or the fitness of that Candidate, in any respect, for admission to Examination, a decision may be taken by the majority of Fellows present.

BYE-LAW 123

(a) Any person who after the 1st day of August 1969 passes an Examination for the said Diploma conducted by any or all of the said Royal Colleges shall be proposed for
Membership of the Royal Colleges of Physicians of the United Kingdom and, if the majority of the Fellows shall consent and provided that an undertaking is given that on becoming a Member of the Royal Colleges of Physicians of the United Kingdom they will obey the Bye-Laws and Regulations of the College, they shall be accepted by the Council for Membership of the Royal Colleges of Physicians of the United Kingdom.

Each Testimonial must be signed by a Fellow of the College, or by a Collegiate Member of at least four years’ standing who is in active practice. If any candidate is unable to produce Testimonials in these terms, the College may, at its discretion, treat the person as being so entitled after making any enquiries which may be deemed necessary.

(b) Any Member of the Royal Colleges of Physicians of the United Kingdom who is in good standing as a Collegiate Member of the Royal College of Physicians of London shall also be entitled to describe themselves as a Member of the Royal College of Physicians of London, abbreviated to MRCP (London).

(Revised 2009 AGM)
BYE-LAW 126

If a Member of the Royal Colleges of Physicians of the United Kingdom who has resigned or forfeited Membership applies for its restoration, notice of such application shall be placed on the agenda for the next meeting of the body which will be nominated by the Council for this purpose and if no objection is then raised to such restoration, the application shall be approved. If an objection is raised, the application will be refused but the person aggrieved may appeal and the Council shall make arrangements for considering such appeal consistent with Bye-Law 168.

If the application is approved by the College and by the said Colleges of Edinburgh and Glasgow the applicant shall be reinstated as a Member of the Royal Colleges of Physicians of the United Kingdom.

BYE-LAW 127

The provisions of Bye-Laws 39, 40, 82, 83, 84, 85, 101, 102, 149, 151, 153, 161, 163, 164, 165, 168, 170 and 171 hereof insofar as they apply to Members of the College shall apply equally to any Member of the Royal College of Physicians (United Kingdom) and the term “Member of the College”, and the term “Member” when used as an abbreviation therein for the term “Member of the College” shall be deemed to mean a Member of the College or of the Royal Colleges of Physicians of the United Kingdom and the plurals of such terms shall be deemed to have corresponding meanings.

The Council may admit as Associates of the College such persons who conform to the Regulations relating to Associates. Associates will not be Members of the College and will otherwise have such rights and privileges as may from time to time be provided by Regulation.

CHAPTER 28

Of the Licentiates

The College, under its Charter, grants Licences (which do not extend to making the Licentiates members of the Corporation) to persons who shall conform to the Bye-Laws and Regulations relating to Licentiates.

(For Promise see 146; Duties and Conduct, Chap 32)

Under the provision of Clause XIX of the Medical Act (1858), an agreement was entered into in February 1883 between the Royal College of Physicians of London and the Royal College of Surgeons of England to form a Conjoint Examining Board, and to provide that every Candidate who shall have passed the Final Examination conducted by the Board shall, subject to the Bye-Laws and Regulations of each College, be entitled to receive the Licence of the College of Physicians and the Diploma of Member of the College of Surgeons.
It was further agreed that each College, so long as this agreement maintains, should abstain (so far as allowed by Law) from the exercise of its independent privilege of giving a qualification for admission to the Medical Register.

This agreement remains in force.

The two Royal Colleges also grant Diplomas.

Under the said agreement entered into in February 1883 a Committee of Management was appointed consisting of representatives of the two Colleges. In 1886, an Examination Hall was built by the two Colleges, which in 1908 was replaced by a new Examination Hall in Queen Square. In 1979, the College sold its interest in this Examination Hall to the Royal College of Surgeons. The Colleges agreed that as the management of the Examination Hall had passed to the Royal College of Surgeons a “Committee of Management” was no longer appropriate. Under the terms of the agreement signed by the two Presidents in 1981 a Joint Academic Committee of the Examining Board in England assumed responsibility for the Conjoint qualifying examination, and any postgraduate diplomas remaining were the joint responsibility of the two Colleges.

In 1993 the two Royal Colleges entered into an agreement with the Scottish Royal Colleges and the Worshipful Society of Apothecaries to set up a United Examining Board to assume responsibility for the three non-university qualifying examinations in the United Kingdom.

**BYE-LAW 128**

The Licentiates of the College shall have the use of the Library, subject to the Regulations relating thereto, and shall be admitted to all Lectures, and shall enjoy such further privileges as may from time to time be defined by the Bye-Laws.

**BYE-LAW 129**

Before commencing the course of Professional Study for the Licence, all Candidates (unless specially exempted) shall be required to produce satisfactory evidence of having passed a Preliminary Examination, recognised by the College.

**BYE-LAW 130**

Every Candidate for the Licence shall be required to pass the Examinations for the Licence conducted by the United Examining Board subject to the exemptions, conditions of study and admission fees laid down in the Regulations of that Board, as approved by this College from time to time and to comply with such other conditions as may be demanded by this College.

**BYE-LAW 131**

If the United Examining Board of the Examiners shall find any circumstances in the character, conduct, or mode of practice of any Candidate for Examination, which, in the opinion of a majority of either of them, renders such a Candidate unfit to become a Licentiate of the College, they shall have power to decline to examine that person or to continue with their Examination, until the
decision of the College shall have been given on a Report of the circumstances submitted to them by the Examiners. Subject to the consent of the College, the United Examining Board shall have power to refuse admission to subsequent Examination.

**BYE-LAW 132**

Each Licentiate shall receive the following Form of Qualification to practise Medicine, Surgery, and Midwifery, under the Seal of the Corporation, signed by the President, such alterations as are requisite being made in the case of women:

“I, A.B., President of the Royal College of Physicians of London, with the consent of the Fellows of the same College, have, under the authority given to us by Royal Charter and Act of Parliament, granted to C.D., who has satisfied the College of their proficiency, our Licence under the said Charter, to practise Physic, including therein the practice of Medicine, Surgery, and Midwifery, so long as they shall continue to obey the Statutes, Bye-Laws, and Regulations of the College relating to Licentiates. In witness whereof we have this day set out Seal and Signature.”

Dated at the College, the ........................ day of ....................... in the year of our Lord ............ .
Signed.......................... President.

**N.B.**

This document shall be signed by the Licentiate with their usual signature, and by the Registrar with the following words:

“I certify that C.D., to whom this Licence has been granted by the College, and whose signature is subjoined, has been duly admitted to practise Physic, as a Licentiate of the College, and that such Licence, when duly registered under the Medical Acts, is a legal authority to practise Medicine, Surgery and Midwifery, and to dispense Medicines, but only to those who are patients of the person to whom the licence is granted.”

**CHAPTER 29**

*Of Post Graduate Diplomas*

**BYE-LAW 133**
The nature, extent of and admission to any Examination which the College sets for its Post Graduate Diplomas shall in the case of each candidate be determined as the Council or such Board or Committee of Council to which Council may delegate this function shall require.

BYE-LAW 134

Candidates shall not be admitted to any examination for the Post Graduate Diplomas of the Royal College of Physicians without having first fulfilled the requirements of the Regulations in respect of such examinations as determined by the College from time to time.

(For Fee see Bye-Law 158)

BYE-LAW 135

Every Post Graduate Diplomate elected by the College shall have at the time of election Letters Testimonial under the Seal of the Corporation in such form as may be agreed by the College from time to time.

officers, and the high standard of morality and learning of its Fellows, we exhort and beseech you by the promise you have now made to the College, that you do not admit any, from respect of persons, into the Fellowship, but that you determine all things to the credit, honour, and perpetuity of the Society;”

**BYE-LAW 143**

Every member of Council shall give assent to the following words, addressed to them by the President in the presence of members of Council:

NB:
Fees similar to the Licence Fee are payable to the Royal College of Surgeons for the Diploma MRCS.

CHAPTER 33

Of the Duties and Conduct of Fellows, Members and Licentiates

(See also Resolutions)

BYE-LAW 159

No Fellow of the College shall divulge any proceedings of any Meeting which relates to the election of Censors, or other College Officers, or of Fellows or Members of the College; or any proceedings of any Meeting which he or she shall be required by the President to keep secret or which is agreed at that meeting to be of a confidential nature.

BYE-LAW 160

No Fellow of the College shall leave a Meeting (except by permission of the Chairman of the meeting) until the Chairman shall have declared such Meeting to be dissolved or its business is officially concluded.
BYE-LAW 161

If two or more physicians, Fellows, Members or Licentiates of the College, be called in consultation, they shall confer together with the utmost forbearance, and no one of them shall prescribe, or even suggest, in the presence of the patient, or the patient’s attendants, any opinion as to what ought to be done, before the method of treatment has been determined by consultation between them and their colleagues. If any difference of opinion should arise, the greatest moderation and forbearance shall be observed, and the fact of such difference of opinion shall be communicated to the patient or attendants by the physician who was first in attendance, in order that it may distress the patient and friends as little as possible.

BYE-LAW 162

(Repealed 1999 AGM)

BYE-LAW 163

No Fellow, Member or Licentiate shall be permitted to append to their name the title of Doctor of Medicine, or the letters MD or any other letters indicating that they are a Graduate of a University, unless they have obtained a degree entitling them so to do.

BYE-LAW 164

(Repealed EGM 30th October 1997)

BYE-LAW 165

No Licentiate of the College shall represent themselves as being a Fellow or Member of the College.

CHAPTER 34

Of Penalties

BYE-LAW 166

At each Examination of Candidates for the Membership of the Royal Colleges of Physicians of the United Kingdom such invigilators shall be present, and at such times, as the Council or such Board or Committee of Council to which Council may delegate this function shall require.

BYE-LAW 167

Any member of Council, having been duly summoned, who is unable to attend at the appointed hour the Ordinary General Meeting of Council held for the nomination of Fellows, or at any
adjourned Meeting for the same purpose, shall ensure that the Registrar is able to find a suitable replacement.

**BYE-LAW 168**

(a) In these Bye-laws, a “disciplinary offence” shall occur if any Fellow, Member, Licentiate, Affiliate or Associate has;

committed any misconduct affecting his professional or personal standing or bringing discredit to the College; or

has performed his work incompetently (and whether by act or omission) to such an extent or on such number of occasions as to affect his professional or personal standing or to bring discredit to the College; or

has acted in any respect in a dishonourable or unprofessional manner; or

has violated any Statute, Bye-Law, Regulation or Rule of the College; or

has obtained the status of Fellow, Member, Affiliate or Licentiate by fraud, false statement, or imposition.

(b) If an allegation is made or it is made known to the Censors that a Fellow, Member, Licentiate, Affiliate or Associate may have committed a disciplinary offence, the Censors shall make such arrangements as may appear to them appropriate for investigating matters and, if it seems appropriate, for taking disciplinary proceedings and determining whether or not a disciplinary offence has been committed by such Fellow, Member, Licentiate, Affiliate or Associate and, if so, what (if any) disciplinary penalty should be imposed and for considering any appeal by such Fellow, Member, Licentiate, Affiliate or Associate. Without limiting their powers to make such arrangements, the Censors may from time to time make disciplinary and appeal rules and procedures and may appoint disciplinary and appeals panels in connection therewith. The Censors may or may not, as they think fit, act personally in connection with such disciplinary matters.

(c) The disciplinary penalties that may be imposed shall be (and shall be limited to):

admonishment;

reprimand;

suspension of fellowship, membership, licentiateship, affiliate membership, or associateship of the College for such period and on such terms (including terms relating to forfeiture of rights or privileges and removal from the list of Fellows, Members, Licentiates or Associates) as may be determined; or
permanent removal of fellowship, membership, licentiateship, affiliate membership, or associateship of the College.

On permanent removal from fellowship, membership, licentiateship, affiliate membership, or associateship, a Fellow, Member, Licentiate, Affiliate, or Associate shall be removed from the list of, as the case may be, Fellows, Members, Licentiates, Affiliates or Associates and shall forfeit all rights and privileges.

(d) In making the arrangements contemplated by this Bye-law, the Censors:

shall provide for a right for a Fellow, Member, Licentiate, Affiliate or Associate alleged to have committed a disciplinary offence to appear personally before the persons determining whether or not a disciplinary offence has been committed, and to be represented. However, they may also provide that in connection with an appeal by any such Fellow, Member, Licentiate, Affiliate or Associate, there shall be no right to appear personally (or to be represented) unless invited;

shall ensure that no person shall in connection with the same allegation consider both whether or not a disciplinary offence has been committed and an appeal; and

shall ensure that the persons determining whether or not a disciplinary offence has been committed and any related disciplinary penalty shall not be less than three in number.

(e) Should the General Medical Council order sanctions in the form of erasure or suspension from the Medical Register, or issue of a warning, or imposition of conditions, then the following steps will be taken by the College. Throughout this section the terms ‘member’ and ‘membership’ mean and apply to all categories of membership of the College in the generic sense, including Fellows, Members, Licentiates, Affiliates and Associates;

**Erasure or suspension from the Medical Register**

Members who are erased or suspended will immediately lose their membership of the College. Their name will be removed from the list of members and they will no longer be able to style themselves a member of this College, nor use the relevant post-nominal, and they will be informed of this. They will no longer be required to pay a subscription, but will also lose all benefits of membership. Should the name subsequently be restored to the General Medical Register, including after any period of suspension, it will then be open for the former member to apply to the College for restoration of their membership status. No arrears will be payable for such period.

**Warning**
When the RCP becomes aware that a member has received a warning the member will be asked to provide a copy of the full determination and details; in cases where no response is received to this request after a set period determined by the College their membership or fellowship will be removed. Such details will be reviewed by the College. In most cases this may result in a letter being sent, emphasising that the College expects members to remain in high professional standing. However it will be open to the Censors to review such cases and make recommendation to the Senior Censor for further sanctions if this is felt to be insufficient.

Conditions

When the College becomes aware that a member has had conditions imposed on their practice by the GMC they will be asked to provide a copy of the full determination and details; in cases where no response is received to this request after a set period determined by the College their membership or fellowship will be removed. Such details will be reviewed by the College; two Censors will review the details independently and come to a decision as to whether it is appropriate for the doctor to remain as a member or fellow of the college depending on the circumstances as set out and determined by the GMC, and make a recommendation to the Senior Censor. The Senior Censor will make a defining decision based on the recommendation, and all such decisions will be reported three times a year to the Censors, so that trends can be monitored.

The disciplinary penalties that may be imposed on the decision of the Senior Censor shall be (and shall be limited to):

- Letter of reprimand
- Suspension of membership of the College for such period and on such terms (including terms relating to forfeiture of rights or privileges) as may be decided
- Permanent removal of membership (of any category) of the College.

The member concerned will be informed of this decision in writing, and informed of the right and process of appeal. Such appeal process will be defined, and approved by Council. In any case such appeal should only be in writing which should not contain new or further information which was not considered by the GMC, and be considered by the President, the Registrar and a lay member from the Board of Trustees. The decision of this appeals panel would then be final.

(Section (e) revised 2014 AGM)

(f) Whether or not a Fellow, Member, Licentiate, Affiliate or Associate is found to have committed a disciplinary offence, the College may disclose to the General Medical Council any information relating to a disciplinary offence (or alleged disciplinary offence) and any proceedings taken or penalty imposed in connection therewith.
In the case of non-payment of subscription or of subscriptions the Council or such Board or Committee of Council to which Council may delegate this function may decide that the Fellow, Member, Affiliate, Associate or Licentiate in arrears shall forfeit all the rights and privileges which they may enjoy within the College as a Fellow, Member, Affiliate, Associate or Licentiate of the College and that their name shall be removed from the College List. The Fellow, Member, Affiliate, Associate or Licentiate shall be so informed in writing by the Registrar. Provided that they first pay the relevant arrears such a Fellow, Member, Affiliate, Associate or Licentiate may apply for reinstatement.

Wherever it is stated within these Bye-Laws and Regulations, or in any other process for nomination approved by Council or such Board or Committee of Council to which Council may delegate this function, that nomination may be made by Fellows or Members of four years standing, such nomination shall be valid only if, at the time of making such nomination, the Fellow or Member has made full payment of such subscription as shall be due from them.

BYE-LAW 170

Any Fellow, Member, Licentiate or member of Faculties having in their possession a Book belonging to the College, and who shall not return the same at such time as the Harveian Librarian shall direct, shall be deprived of the use of the Library until it has been returned, or in default be required to pay a sum equivalent to its value.

BYE-LAW 171

Any Book or other property belonging to the College, intrusted to a Fellow, Member, Licentiate or member of Faculties, which shall not be returned, or which when returned shall be found damaged, shall be replaced or paid for by that person, to the satisfaction of the Treasurer.

Regulations and Resolutions

I REGULATION in regard to Affiliates

The College may grant affiliation to Fellows and Members of other Colleges of Physicians working in England, Wales and Northern Ireland, or other suitable medically qualified individuals. Application must be made to such Board or Committee of Council to which Council may delegate membership matters, in accordance with any requirements set by that Board and approved by Council. Affiliates shall be entitled to the same privileges and pay the subscriptions of Collegiate Members. They shall be entitled to be proposed for the Fellowship of the College under Bye-Law 39(d), providing all other criteria of the Bye-Law are met. An individual may have his status as affiliate withdrawn at any time by Resolution of such Board or Committee of Council to which Council may delegate this function.

(Revised 2013 AGM)

The College may also grant affiliation to Fellows of the Institute of Physics and Engineering in Medicine, and other senior scientists employed in the NHS who conform to the requirements agreed by Council, who need not be medically qualified but will be nominated in accordance with procedures laid down for the purpose and approved by Council. Such Affiliates shall be entitled to the same privileges and pay the subscriptions of Collegiate Members, and shall be entitled to use such post-nominal qualifications as are agreed by Council. Such Affiliates shall be entitled to be proposed for the Fellowship of the College under Bye-Law 43, providing all other criteria of the Bye-Law are met. An individual may have his status as affiliate withdrawn at any time by Resolution of such Board or Committee of Council to which Council may delegate this function.

(Revised 2005 AGM)

(See also Bye-Law 39(d))

II REGULATION regarding the Standing Committee of Members, General Meetings of Members, Election to the Standing Committee and four Members to serve on the Council.
III REGULATION in regard to appointments and duties of Regional Advisers

The College shall appoint a Regional Adviser to represent the College in each Post Graduate Deanery of the National Health Service in England and Wales and in Northern Ireland; Deputy Regional Advisers will also be appointed. Regional Advisers are to represent the College in their Regions by serving on Regional Postgraduate Committees and performing other functions as may be decided by College Resolutions from time to time. They will also represent the views of physicians in their Regions to the College.

(See also Bye-Laws 78 and 79(c))

IV RESOLUTION on payment of Subscriptions by variable Direct Debit

On 31 July 1980 the College, on the recommendation of the Finance Committee, adopted a Resolution that, commencing in 1981, Subscriptions would be paid by variable Direct Debit.

On 25 March 2002, The College approved the proposal that the Annual General Meeting should delegate to Council the authority to agree levels of subscription.

V RESOLUTIONS as to the duties and conduct of Fellows, Members, and Licentiates

The College, from time to time, when circumstances have arisen in which it has seemed to be conducive to the honour and dignity of the College to indicate the fitting conduct of Fellows, Members, Licentiates, Affiliates, or Associates, has given expression to the collective opinion of the College in the form of a Resolution, but without the formal enactment of a Bye-Law or Regulation.

(See also Chapter 33).

1. Against Designations implying Special Modes of Treatment

On 27 December 1881 the College passed the following Resolution:

“That while the College has no desire to fetter the opinion of its members in reference to any Theories they may see fit to adopt
in connection with the Practice of Medicine, it nevertheless considers it desirable to express its opinion that the assumption or acceptance by members of the Profession of designations implying the adoption of special modes of treatment, is opposed to those principles of the freedom and dignity of the Profession which should govern the relations of its members to each other and to the public.

“The College therefore expects that all its Fellows, Members, and Licentiates will uphold these principles by discountenancing those who trade upon such designations.”

2. Against Advertising Medical Works and giving Laudatory Certificates

On the 27 July 1882 the College passed the following Resolution:

“That the system of extensively advertising Medical Works, and that the custom of giving, whether for publication or not, laudatory Certificates of Medicinal and other Preparations, or of Medical or Surgical Appliances, is misleading to the public, derogatory to the dignity to the Profession, and contrary to the traditions and Resolutions of the Royal College of Physicians.”

3. Against Advertising

On 30 October 1958 the College passed the following Resolution:

“That it is undesirable that any Fellow, Member or Licentiate of the College should in any way advertise himself, or permit himself to be advertised.”

4. Financial Interests

(Repealed 2000 AGM)

5. Confidentiality of Proposals to the Fellowship

Two Reports of the College on Admission to the Fellowship, approved by the College in April 1971 and October 1974, have emphasised that Members must not know that their names are being proposed for the Fellowship.

Fellows and Members are reminded of the terms of Bye-Law 32:
“No candidate shall canvass for votes directly or indirectly for Membership, Fellowship or any office, distinction, advancement or promotion in the College, or in any Faculty or Joint Faculty of the College.”

VI RESOLUTION on Friends of the College

On 30 July 1981 the College, on the recommendation of the Council, adopted a Resolution that the Constitution of the Friends of the College (agreed by the College in June 1966) should appear in the volume containing the Bye-Laws, Regulations of the College and some Resolutions of the College and the Council. Clause (4) of this Resolution was amended on 8 June 1994 to read as below:

Constitution of the Friends of the College

(1) The group shall be called The Friends of the Royal College of Physicians of London.

(2) Ordinary meetings shall be held not more frequently than twice every year and not more seldom than once every year.

(3) An extraordinary meeting may be convened providing at least two members agree that one is necessary.

(4) Members shall be nominated by the President and elected by the Council.

(5) The term of office of members shall not be limited.

(6) The President and Treasurer for the time being shall be ex officio members of the group.

(7) The Friends shall be entitled to attend College Lectures and shall be invited as guests to the College to one College Dinner each year.

(8) The Friends shall wear a badge of office based on the Caduceus presented to the College by John Caius.

(9) The function of the Friends of the College shall be to advise the College on the raising of funds, and other relevant matters.

The College further agreed on 30 July 1981, to the recommendation that the names of the Friends of the College should in future be included in the College List.
VII RESOLUTION on Honorary Membership

On 26 April 1984 the College, on the recommendation of the Council, adopted the following Resolution:

“Honorary Membership is not intended as, in any sense, an advance towards Honorary Fellowship. Honorary Members are neither more nor less eligible for Honorary Fellowship than any other person. Honorary Members are not eligible for nomination to the Fellowship under Bye-Law 39(a) nor for Membership of the Standing Committee of Members.”

A Resolution of Council was minuted on 14 March 1985 and read as follows:

“Council agreed to a Resolution proposed by the Treasurer that payment of an Admission Fee or a Subscription be waived in respect of Honorary Members.”

VIII RESOLUTIONS on matters pertaining to the Council

1. Constitution of the Committee of Council for the Preliminary Consideration of Nomination of Persons to the Fellowship

A Resolution of Council was minuted on 5 July 1933 and read as follows:

“On the motion of the Treasurer it was decided that the preliminary Committee to examine the claims of candidates for nomination to the Fellowship should consist of eight Councillors in addition to the President and that ex-officio members should not be excluded from serving.”

On 6 January 1971 Council re-affirmed this Resolution and on 9 December 1992 the Resolution was amended to read as follows:

“The Committee of Council for the preliminary consideration of persons to the Fellowship shall consist of the President and eleven Councillors who are Fellows.”
2. Secrecy

On 30 October 1958 the College adopted a Resolution that at the commencement of the Council Meeting the Registrar should read part of the Faith given by Councillors:

“You give your faith that you will not divulge any of the proceedings of the meetings of Council held for the nomination of Fellows, Censors, or other College Officers or any proceedings of any meeting which you shall be required to keep secret.

When those parts of the agenda to which secrecy applies have been dealt with, the President might say the following words:

“Before continuing the agenda (or alternatively, “before concluding the meeting” if there is no further agenda) may I once again remind members of Council that the matters which have just been discussed are within the scope of the promise of Councillors not to divulge proceedings.”

3. Procedure for the Election of Councillors

A Review of the College Constitution was undertaken in 1977. That part of the Committee’s Report, which included in its Recommendations certain alterations to the procedure for the Election of Councillors, was approved in principle by the College on 26 January 1978.

A Situation report on Constitutional Matters was received and approved by the College on 27 April 1978.

On 26 October 1978 the College approved a change in the procedure for the Election of Councillors; a further change was approved on 27 October 1983:

“Any Fellow of the College may propose one or more Fellows for the consideration of the Council for election to the Council.

“A Fellow must be nominated by Three Fellows for his name to appear on the ballot paper.

“The signatures of Fellows supporting any nomination can be subscribed together on one proposal form or on individual forms.

“The names of ALL Fellows so nominated will be included in the ballot paper, Council having renounced its power to select
(although it retains the right to add) names to appear on the ballot paper.

(See also Bye-Laws 30, 79 and 80)

4. Establishment of a Board of Trustees and its Standing Orders

At its meeting held on Wednesday 21 March 2007 Council approved the establishment of a Board of Trustees and approved its Standing Orders.

Under the Bye-Laws, the Council has express powers to conduct matters of College business specifically defined in the Bye-Laws (“the Specific Matters” referred to below) and under Bye-Law 89 has a general power to transact all business referred to it by the College or by the President. Under Bye-Law 90 the Council may delegate any of its powers to Boards and Committees. The Council now wished to create a Board of Trustees of the Royal College of Physicians (“the Board of Trustees”) to act as charity trustees for the purposes of the Charities Act 1993 and accordingly the Board of Trustees must have delegated to it sufficient powers to ensure it has the general control and management of the administration of the College, as described in the Standing Orders.

Council therefore resolved:

1. To retain all powers in relation to Specific Matters except as expressly delegated in this resolution, or in any subsequent resolution of the Council or, so far as not inconsistent with this resolution, as delegated prior to this resolution.

2. To form the Board of Trustees in accordance with the Standing Orders produced to this meeting and signed for the purposes of identification by the President, and to delegate to the Board of Trustees all such powers to transact business as the Council has under Bye-Law 89 as are necessary for the Board of Trustees to have the general control and management of the administration of the College, together with such other powers to conduct College business as the Council may expressly delegate to the Board of Trustees.

3. To dissolve the Management Board.

4. To retain the Finance and General Purposes Board (“F&GP Board”) and to continue to delegate to the F&GP Board all matters currently delegated to it except that the F&GP Board, subject to it reporting regularly to the Council, shall now be responsible to the Board of Trustees and not the Council.
5. In relation to the following Specific Matters, Council delegates its powers to the Board of Trustees:

- The powers of the Council under Bye-Law 56 in relation to employing any banking or merchant banking company to manage all or any investments belonging to the College.

- The powers of the Council under Bye-Law 76 in relation to deciding the activities of the Clinical Effectiveness and Evaluation Unit and its Director (this can be delegated to a Board or Committee responsible for co-ordinating such activities within the College, but deciding the activities has the potential for significant financial implications).

- The powers of the Council under Bye-Law 99 in relation to overseeing and regulating the work of the Library and matters relevant to it through the Harveian Librarian (its total expenditure is subject to agreement by the Finance and General Purposes Board. An annual report on the work of the Library is submitted to the Board).

- The powers of the Council under Bye-Law 106 in relation to approving the Solicitor to the College.

- The powers of the Council under Bye-Law 152 and Resolution IV in relation to agreeing levels of subscription.

- The powers of the Council under Bye-Law 153 in relation to deciding the Fee to be paid before admission as a Member of the College.

- The powers of the Council under Bye-Law 154 (although this is in effect redundant) in relation to deciding the Fee to be paid before receiving the College Licence to practise Physic as a Licentiate of the College.

- The powers of the Council under Bye-Law 155 in relation to deciding the Fee to be paid before receiving a College Post Graduate Diploma.

- The powers of the Council under Bye-Law 156 in relation to deciding the Fee to be paid before Examination for Membership.

- The powers of the Council under Bye-Law 158 in relation to deciding the Fee to be paid before examination for a College Post Graduate Diploma.
